Media Release

Billings Chamber Offers New Employment Resource

For Immediate Release

Billings, MT, June 30, 2015: As of June 2015, unemployment in Yellowstone County reached a challenging 2.6%. Employers are in need of additional resources and quality options for posting open positions, as well as resources they can share with individuals considering relocation to the Billings community. The Billings Chamber of Commerce answers this need with the newly released Billings Chamber Jobs Board.

The Jobs Board serves the job seeker by offering quality employment opportunities with reputable Chamber member businesses. Job seekers will find an easy to use search form to narrow the type of opportunity they're seeking based on full/part-time status, category, amount of travel, etc. [Click here](#) to view the jobs board and search form. Once a position of interest is found, users have direct access to apply and/or request additional information.

This member-only benefit is available to all Billings Chamber members to post open positions, and for any job seeker to use as a resource. Members can post jobs for \$100 for thirty days, while some member investor levels receive the benefit at no additional charge. "Using the Chamber's Jobs Board goes a step beyond traditional job posting by extending through our network of connected members and including our quality relocation resources," explains Chamber President and CEO John Brewer. "In addition, job seekers can expect to find quality positions within businesses connected to one of Billings' most reputable non-profits."
